RISTORANTE

Marsa Boulevard Proposal

An immersive Roman garden dining experience

Concept

A Roman-inspired dining experience centered around a striking architectural rotunda, designed as the heart of the space.

The structure creates a defined yet open environment, where guests are immersed in a curated garden setting surrounded by olive trees, soft landscaping, and natural materials.

Blending architecture, nature, and dining, the concept offers a visually iconic and inviting space, designed for both social interaction and relaxed seating.

Signature Menu

Live Culinary Experience

The menu features signature dishes created specifically for Marsa Boulevard, blending Italian tradition with local influence.

Highlights include concepts such as Umm Ali Focaccia, alongside premium selections like duck agnolotti, truffle pizza, and ossobuco.

The experience is enhanced through live elements, including fresh pasta prepared à la minute and a visible cooking station integrated within the space.
